1. Veldt Floor

An exploration of material tension and quiet drama. Made from solid steel and fine steel mesh, it balances strength and softness in equal measure. The chainmaille drapes with unexpected fluidity, more like fabric than armour. The mesh diffuses light into a softened, ambient glow.

Each piece is handcrafted, with the mesh left raw and imperfect, as if torn and thrown into place. Variations in texture and form make every Veldt unique in its presence.

MATERIALS

Stainless steel, chain-maille

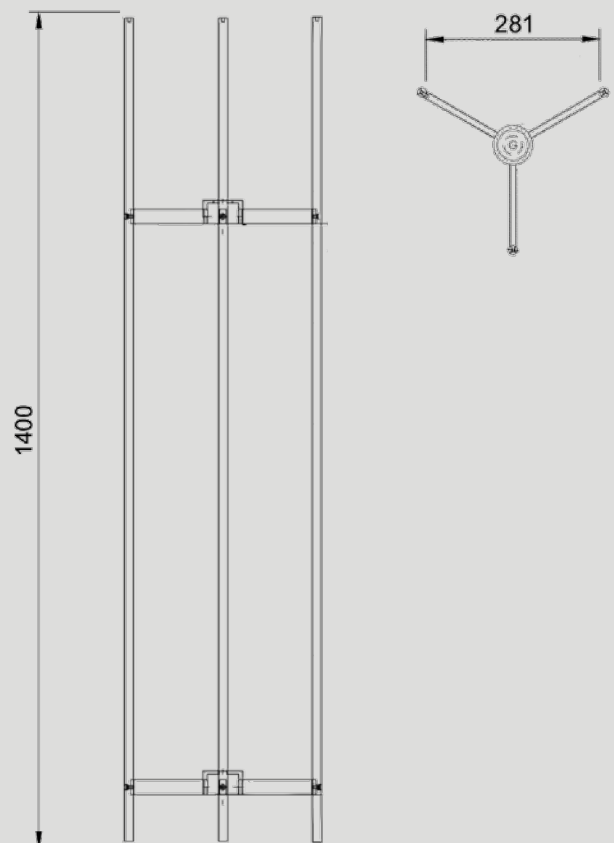

COUNTRY OF ORIGIN

Australia

LAMP TYPE

E27, 4W, mirror crown recommended
